

The Next Frontier

What comes to your mind when you hear the words, the next frontier? Do you think of man and his accomplishments? Do you go back into history in your mind and remember the high points of the "Ascent of Man"; the marching forward through time of developing civilizations?

I watched the opening ceremony of the Beijing Olympic games. I must say it was visually stunning. Its theme was in essence the coming together, and the knitting together of the tapestry of mankind.

I had always painted a visual image in my mind of the Chinese people and for that matter all Asian people as looking alike. Yet tonight I realized that as much as they looked alike they also looked unique and very different.

The differences were distinguishable; the uniqueness was that they were all made in the image of God. As the Parade of Nations continued I was reminded over and over again about the uniqueness of each person and the fact that God made each person in HIS own image.

We are still family...the human family. Whether we realize it or not together we are one and we all were meant to be part of the family of God. We all continue to look up to the heavens, but not to God. Rather we look up to Man and our own ability to bring peace to a tortured and torn world. We believe that together as one family we can save our world and unite together in peace.... it is a grand idea of man's salvation of man.

So if you asked someone you know what the Next Frontier for mankind would be they probably would tell you "Outer Space". Out there is the answer to all our questions. Out there is where we really must go to solve our problems. But to go we ultimately need to unite around a common cause.

You can see the future coming. No longer will we look at ourselves as individual nations, but instead a new Global nation called Earth that contains ethnic varieties of people. The heart cry of man will be that we are all part of the human family of mankind. Men agree that our DNA representing only one of many species living on our planet ties us all together.

Together we are now searching for a common bond that will unite us all. One that will focus our attention on the goals of peace, which will bring prosperity to the entire world. What will it be? What does every person seek outside of his or her physical existence? We all are seeking some form of Spirituality.

History has not united us; goals and objectives will not unite us. What will unite us is a spiritual awakening. And so it will not be Outer Space that brings us together, but Inner Space...our search to solve the mysteries of our Souls. Why because we know each of us is lost. Deep within us we want to understand who we are...we want to be found. We want to be part of something bigger.

So seeking spiritual guidance from something or someone outside of us will in the future become the paradox of the known ages. As we search deep within our own inner space it will be something or someone from Outer Space that will unite the peoples of the earth.

Then as it was on the plains of Shinar so long ago a new Tower of Babel will be erected. No not an actual tower, but a spiritual tower that will bring all mankind together to worship a being not of this earth. A being that will claim to be God and mankind will follow him.

The reason they will follow is because they will be looking for Signs and Wonders that will appeal to their emotions. Faith has always been in what we cannot see or touch or experience. But then it will be the opposite. For what we will see, and touch and experience will drive our emotions to new heights and it will be called true Faith in God. However it will not be faith in God, but faith in the God of this world...satan.

This fallen and condemned being will produce such Signs and Wonders that if it were possible to fool true believers, it would happen. Man's imagination has run rampant for years. The evidence is on TV. , Radio, Books and Movies. The phrase describing this coming time on earth will be a movie title called...

"Something Wicked, this way comes".

You can look back through history and see the footprints of this wicked one. Since the fall of Adam and Eve it has always been about death. Death is the gift that the wicked one gave to mankind.

This person is revealed clearly in the Book of Revelation. Personally I believe he is already here and more than likely you and I have already seen him on television and heard his voice. But he has not clearly shown who he really is yet. So his voice is actually silent for now waiting for the world's stage to be ready for his declaration of who he really is.

God is now silent as well. You cannot hear His voice, but you can read His Words to us that describe the pre-written history of what is coming and will be.

God spoke to His world throughout the Old Testament for thousands of years through His prophets. The last book of the Old Testament is the Book of Malachi.

The last words to the world from God through Malachi speak about the fact that a time is coming when the wicked will be judged and those who fear Him will be Blessed. Yet Malachi ends on a bitter note with the bitter word...curse. Throughout history there has been little spiritual progress. Sin Abounds and the need for the coming Messiah is greater than ever.

After Malachi God was silent for 400 years.

It's hard to imagine that God would not speak to HIS World and its people for 400 years. Previously God spoke through the Old Testament prophets, but the words of those prophets ended with Malachi.

The prophets spoke to His Children, the Nation of Israel. His children were to evangelize the world at that time and make the ONE TRUE GOD known to all...but they failed miserably. They did not understand the true righteousness nor the Holiness of the God who chose them out of all the nations of the earth to be His Voice. Israel was to be millions of voices tied together by faith in God using their voices to evangelize the entire world.

But they had no voices, for truth never came out of their lips about the God that created them. So God shut their mouths so that no truth could come out at all.

Instead they built a man made religious system that made them more righteous and more holy than the God who made everything. And so God stopped speaking after the Prophet Micah and the Old Testament testimony of the Living God was closed forever.

Then one day 400 years later he came, a man born of the union of a man and woman. One man with one voice who spoke for God with words that would change not only time but eternity for people who heeded his message to them. This voice in the wilderness brought a personal message to you and I from Almighty God. A message carried by a man whom God called the "the Greatest ever born of woman."

It was hot. We could see him coming walking slowly over the hot desert sands of time. At first he looked almost like a diffused image of a spirit, like a mirage...always coming closer. Then as he did come closer he became clearer and you could hear something like words being formed.

He was saying something that was caught up on the streams of the wind. At first it was hard to hear like a whisper on the wind. Then the words became crystal clear to us and his words boomed forth like Thunder..."Repent for the Kingdom of God is at Hand". The words came forth like waves of the ocean crashing on the beach in a violent storm. They came on the waves of the wind, repeatedly like the call of trumpets.

This was John the Baptizer...John was born to be the last prophet of God to speak to the children of Israel and you and I. John the Herald of Christ was to be the last voice in the wilderness for God. He came to make a way, to clear the path for the Messiah of Israel who would come to speak to His World and the creatures He created. John came to make a clear way to the ONLY ONE who was THE WAY to Salvation and Heaven.... Jesus the Son of God, Jesus the Messiah of Israel, Jesus the Christ of HIS One True Church.

God used John the Baptizer to be the Voice in the Wilderness to begin the second and last part of the story of mans civilization here on earth. The Apostles would present this second book known to us as the New Testament as they spoke on behalf of the HOLY SPIRIT. And So...GOD would speak to mankind once again. His words were given life through the Apostles as they wrote down pre-written, eyewitness history of the Son of God and His time on planet Earth.

This second book would contain the precious words of God's Son Jesus the Christ to a lost and dying world devoid of the Truth of God. People caught in a satanic web of lies, and misconceptions about the reality of who they are, why they were here and where they were going after death.

The words of God are the truth you seek to know about your future and the future of this world. The words are not audible at this time. Nor does God walk this earth as He did when Jesus was here. So you must learn to walk in faith in the Son of God as proclaimed by the Word of God.

Without reading and understanding the Word of God for yourself you will lack discernment of the coming lies of this fallen and already condemned being who will soon reveal himself to the world as its savior, but in actuality will bring with him the end of mankind as a physical specie.

God created you to be an eternal being living forever in the presence of God if you know His Son; or away from the presence of God if you do not know Jesus as your Savior and Lord.

You need to begin to read His Word and walk with HIM by Faith. Because soon, very soon He will be coming back for His own who believe in Him and take them out of this place that will go out of existence along with the rest of the created Universe.

As He did in the beginning so too will He do again. This time if you are called in the Rapture you will have a front row seat as you watch along with the Holy Angels as Jesus says again "Let there be Light" and you will follow along in your mind as Scripture comes alive and Jesus re-creates the Universe and the planet earth for you and hopefully your loved ones to live on forever with HIM.

So arm yourself against the lies that are coming from The Dark Angel of Light. Do not let him capture your mind, your heart and your soul. Study and know the Word of God and its proclaimed truth.

Do not wait until you become part of the last Holocaust. The first holocaust came when the flood destroyed all but 8 people on this planet. The second holocaust came during the Second World War when Hitler killed not only 6 million Jews but also millions of other people as well. The third holocaust will come when the Lord defends the nation of Israel against all the nations that will come against Israel. Yes all the nations including the USA come against Israel at the end of time.

Israel will realize their real weapon is God and not their missiles and will look up and recognize Him whom they Pierced and then God will pour out His Salvation upon the entire Nation of Israel alive at that time.

Then the final holocaust will come annihilating everyone on planet earth as Jesus comes in judgment to destroy and burn and purify His planet from sin once and for all eternity.

All of this is tragic, but from my perspective the holocaust has been going on since the fall of man. Billions of people have died and continue to die daily due to the man of sin who will soon be established as the new hero and savior of the human race.

The human race in its current physical form is not worth saving according to Gods word. Instead God speaks only of a REMNANT, a few people when compared to the total ongoing population of planet earth, who will be saved by turning to Christ, the Son of God for Salvation.

Only those who realize their need to be saved will repent and gain the Mercy of God still available every day the breath of life is in their physical body.

You can see the times around you, and you can feel the presence of evil growing stronger each day around the entire world. Everywhere you look what is right has become wrong and what is wrong has become right.

The news continues spewing out sewage daily, it is always bad news because the world is not interested in Good News...**but you should be.**

The Good News is the only HOPE you have left. If you let that slip through your grasp you will live forever without HOPE... because you will have become an eternal sin stained evil being, living forever, far away from the God who loved you enough to die for you. The one who waits even now for you to call on His Name.

**Get a Bible, learn the Truth...ask Jesus to Save YOU!
Get ready ... "Something Wicked This Way Comes".**
